AFTER 4 TREATMENTS
Swelling mostly down, bruising fading, and back to walking long distances!

CUSTOMER REVIEW
J
Alicia
Only 8 days ago, I had a hard fall that left my ankle bruised and sore. I had so much swelling and pain that even moving was tough.
Thanks to MedWave's Narrow Light™ therapy, after just 4 treatments in a week, my ankle is so much better! Almost all the bruising is gone, and I was able to do a long walk without any trouble—weeks faster than I expected to heal!

PRACTITIONERS
RESULTS

SCOTT MANCHESTER D.C.

CHIROPRACTOR AT MANCHESTER FAMILY CHIROPRACTIC CENTRE

"My patients have been getting **great results**. Not only for body contouring, but also skin related issues, stress etc."

"Our patients are losing **5 to 11 inches** in their first 4 sessions."

"We are booked up for **3 weeks** in advance."

"We've had **150 people** reach out to us to inquire about the MedWave™ in the **first week** we launched our marketing!"

JEREMY LANDRY

CHIROPRACTOR AT KANSAS CITY LASER-LIKE LIPO

"MedWave™ is the best device we have gotten for our business. Inch loss has been phenomenal."

"We are seeing a 2-3 inch reduction after only 1 session."

ROBIN CHRISYIAN

NURSE PRACTITIONER AT RESTORE HEALTH & WELLNESS

"Our biggest loser lost 4 inches in their first session!"

BIANCA PALMIGIANO

BEAUTY THERAPIST AT BEAUTY FORTE

"I was riddled with stage 3 cellulite & performed Medwave™ on myself. My cellulite is 25 to 40% better since using From April."

DR. KATIE BALGEMAN (PT, DPT, CLT)

PELVIC FLOOR PHYSICAL THERAPIST, PERSONAL WELLNESS PHYSICAL THERAPY

"Unlike traditional fat reduction treatments, MedWave delivers targeted **inch loss with no downtime**. The results are measurable. We track before and after, and clients consistently show visible inch loss."

"One of my patients dropped a **full dress size after a few weeks** of using MedWave—without any major lifestyle changes."

"Patients love how quick and painless the process is—many report **feeling lighter and more sculpted after just one session**."

"I've worked with different body contouring technologies, but MedWave stands out because of how fast and consistent the results are."

"I've personally used MedWave, and I was amazed at how my own body responded—it really works."
